

Welcome to the home of the Cline Ponies and the start of the 2008-2009 school year.

The smell of freshly sharpened pencils, the sight of backpacks filling store shelves, and the look in the eyes of children at the mall as they select that special outfit for the first day of school brings smiles to teachers and staff as they anticipate the arrival of this year's students to C. W. Cline Elementary.

Cline Elementary, an Exemplary campus, continues to strive to exhibit the highest level of education expected and supported by the students, parents, staff, and community in Friendswood ISD. The commitment to provide a superior foundation for developing academic excellence, healthy, responsible citizens, and critical thinkers and problem solvers drives the Cline staff every day of the school year to be the best that it can be!

Ms. Debbie Smith
