

JUNIOR HIGH PTO MINUTES
BOARD MEETING
January 10, 2008

The meeting was called to order at 9:10 am by Barb Brunson.

Secretary's Report

The minutes were reviewed. Connie Brown made a motion to accept the minutes. Leanne Skinner seconded the motion. The minutes were approved.

Principal's Report

Robin said that the Science Fair went well under the direction of Ms. Humble-Davies. The evening awards were very well attended. For the upcoming TAKS testing days, they would appreciate PTO volunteers for bathroom monitoring duty. 5 volunteers will be needed during the testing hours. The first day will be Tuesday, March 4 between 8:30 – 1:30. Also, if PTO could put together the TAKS snacks, that would be very helpful. If they were put together on 2/28 for distribution with other TAKS supplies on 2/29, that would work out well. They will need 975 snacks for March 4. For April 8th, only 500 snacks will be needed. Math tutoring will start in a couple of weeks. Mrs. Polio will be coming back to help with that effort. Meetings have started on construction plans for the new Junior High campus with teachers and parent representatives. They are a little behind where they had hoped to be, but are moving along.

Treasurer's Report

We brought in \$1,125 profit from the Schwann's fundraiser. The next one is due to go out with the March report card. Connie said she would verify with Schwann's that they are willing to give us that many fundraising catalog/fliers again if participation is low. Leslie reported that the Dance brought in \$240, and they have a lot of snacks left over to sell at the next dance. Leslie asked if there were any more luncheons scheduled because Hospitality only has a \$74 balance. There are normally 3 luncheons per year. They have already held 3 luncheons this year.

Committee Reports

Fundraiser – Tami asked on behalf of Karen that Boxtops need to be turned in soon because she will need to send them in February for our refund. Mrs. Lowe will include that in her weekly newsletter and Doris will include it in the meeting reminder email.

Safety Committee – Doris mentioned that PTO members at Westwood and Bales were testing setting up an automated “text message” alert in addition to the phone relay that we have in place. We can discuss this option further with Mr. Cappadona.

New Business

Next month the nominating committee will be selected for next year’s board.

The next meeting will be held on Thursday, February 14th at 9:00 am in the Cafeteria.

A motion was made to adjourn by Doris Johnson. Tami Griffith seconded the motion. The meeting was adjourned at 10:10 am.

Respectfully Submitted,

Doris Johnson, Secretary
